Winder Fireball Price List

Applicable to Boats Built from March 2021

Championship Specification

The Resin Infused Oven Baked Epoxy Foam Sandwich Hull with an Epoxy Foam Sandwich Deck. The Inner and Outer skins of the hull moulding in the Bow Tank are Kevlar as standard.

The materials used are the best available and together with our manufacturing processes, which have been progressively developed and proven in International Competition over the past 35 years.

The highly engineered mouldings enable us to achieve the brilliant combination of optimum weight distribution, proven exceptionally long competitive life, exceptional performance and attractive appearance. Now with a New Moulded Cockpit.

Our boats are renowned for holding their value.

Our Standard colour is Silver Grey Deck and Hull, and the Boats are fitted with 16:1 kicker led to Mainsheet Duo-cam, and Jib Leech, Pole Height, Cunningham, 14:1 Jib Halyard Tension and Mainsail Clew all lead to Helm. Also included is the Puller System and Chocks

The Jib Sheeting Angle is adjustable by track and plunger adjustment and lower mast bend by chocks but with numerous options overleaf you can have your Fireball built to your requirements.

The Winder Foils and Rudder Stock are minimum weight and are taken from exceptional moulds.

Spars are by Selden as Standard, and our Hybrid Spinnaker Pole has the strongest ends with the lightest tube.

Mast Rake is set by Fast Pin Slotted Plate Adjustment on low stretch shrouds and trapeze gear is to customer requirements.

Spinnaker halyard has 2:1 Pump System with Spinnaker stowed in P&B Bags.

The Boat is fully calibrated, weight corrected, measured and normally supplied with P&B Dacron Sails, though film, or other makes of sails, can be supplied with price adjustment.

Championship Boat Price

£12027 Retail Price Inclusive of 20% VAT
(With Allen Fittings)

The Fireball Class Rules permit enough latitude in the materials used in the hull and in the way the boat is fitted out for the owner to have one built to his requirements. See over for optional extras and their prices.

Winder Boats is a Family Business set up in 1976 to produce high performance racing dinghies.

The above prices include all the cost increases received up to the date of quotation. Should we incur further cost increases we reserve the right to increase our prices accordingly but will inform you before starting to build your boat.
