In the final heat, although the 12-15 knot breeze and relatively flat sea suited him, Wilmot could not win back the ground and places he lost with a poor start.

While Cassidy went to the lead on the first reach, Wilmot struggled around the first windward mark in 13th place. He was 10th at the end of the first two reaches, eighth at the end of the second beat and sixth at the end of the first square run.

Cassidy won by 25 sec from Lucas with another 20 sec to Inns. Wilmot finished fifth, behind Hooper and about two minutes behind the leader.
